

Inger Dorthea OLSEN

The Nordic nature and in particular the interaction between light and colour inspires me. My paintings often fall into an interface between early Impressionism and a more abstract form of expression where colour and light are dominating.

Born in and resident in Denmark. Graduated from The School of Drawing and Art Industry in Copenhagen (after mergers The School of Design at the Royal Danish Academy of Fine Arts). Inger Dorthea Olsen lives and works in Denmark, on Lake Esrum, where her paintings are inspired by changes in light and reflections in the water. In her paintings she always tries to make light penetrate, whether they are abstract paintings or representations of nature which are often mixed. Olsen paints mainly in oil but also in watercolour and has successfully exhibited for several years from 2012 with Monteoliveto Gallery.
